

## Proposed Buccaneer Archipelago Marine Parks online submission step-by-step guide

Click on the DBCA Online submission link [here](#)

**Step 1:** The 1<sup>st</sup> page contains a link to the draft management plans – referred to as ‘indicative management plans’ and a disclaimer saying you will be required to provide some personal details (name, postcode and email address) at the end of the survey. Your personal details will remain confidential, be securely stored and not be used for any other purpose.

Click ‘Next’.

**Step 2:** The 2<sup>nd</sup> page tells you how to ensure your submission is as effective as possible and outlines how submissions will be evaluated. Basically, a good submission will be clear and concise about why you disagree or agree with specific sections of the indicative management plans and suggest alternatives for the parts of the plans you disagree with.

Click ‘Next’.

**Step 3:** The 3<sup>rd</sup> page outlines how the survey is structured.

Click ‘Next’.

**Step 4:** The 4<sup>th</sup> page is where the survey really starts. This page asks if you have a comment about 15 sections of the indicative management plans. This is **not** the place to talk about zoning issues or to make general comments (that comes later).

Click on the circle next to the section you wish to comment on. For example, if you wanted to provide comment on recreational fishing you would click on the recreational fishing circle and click next (see below).
